

## ACUSHNET COMPANY

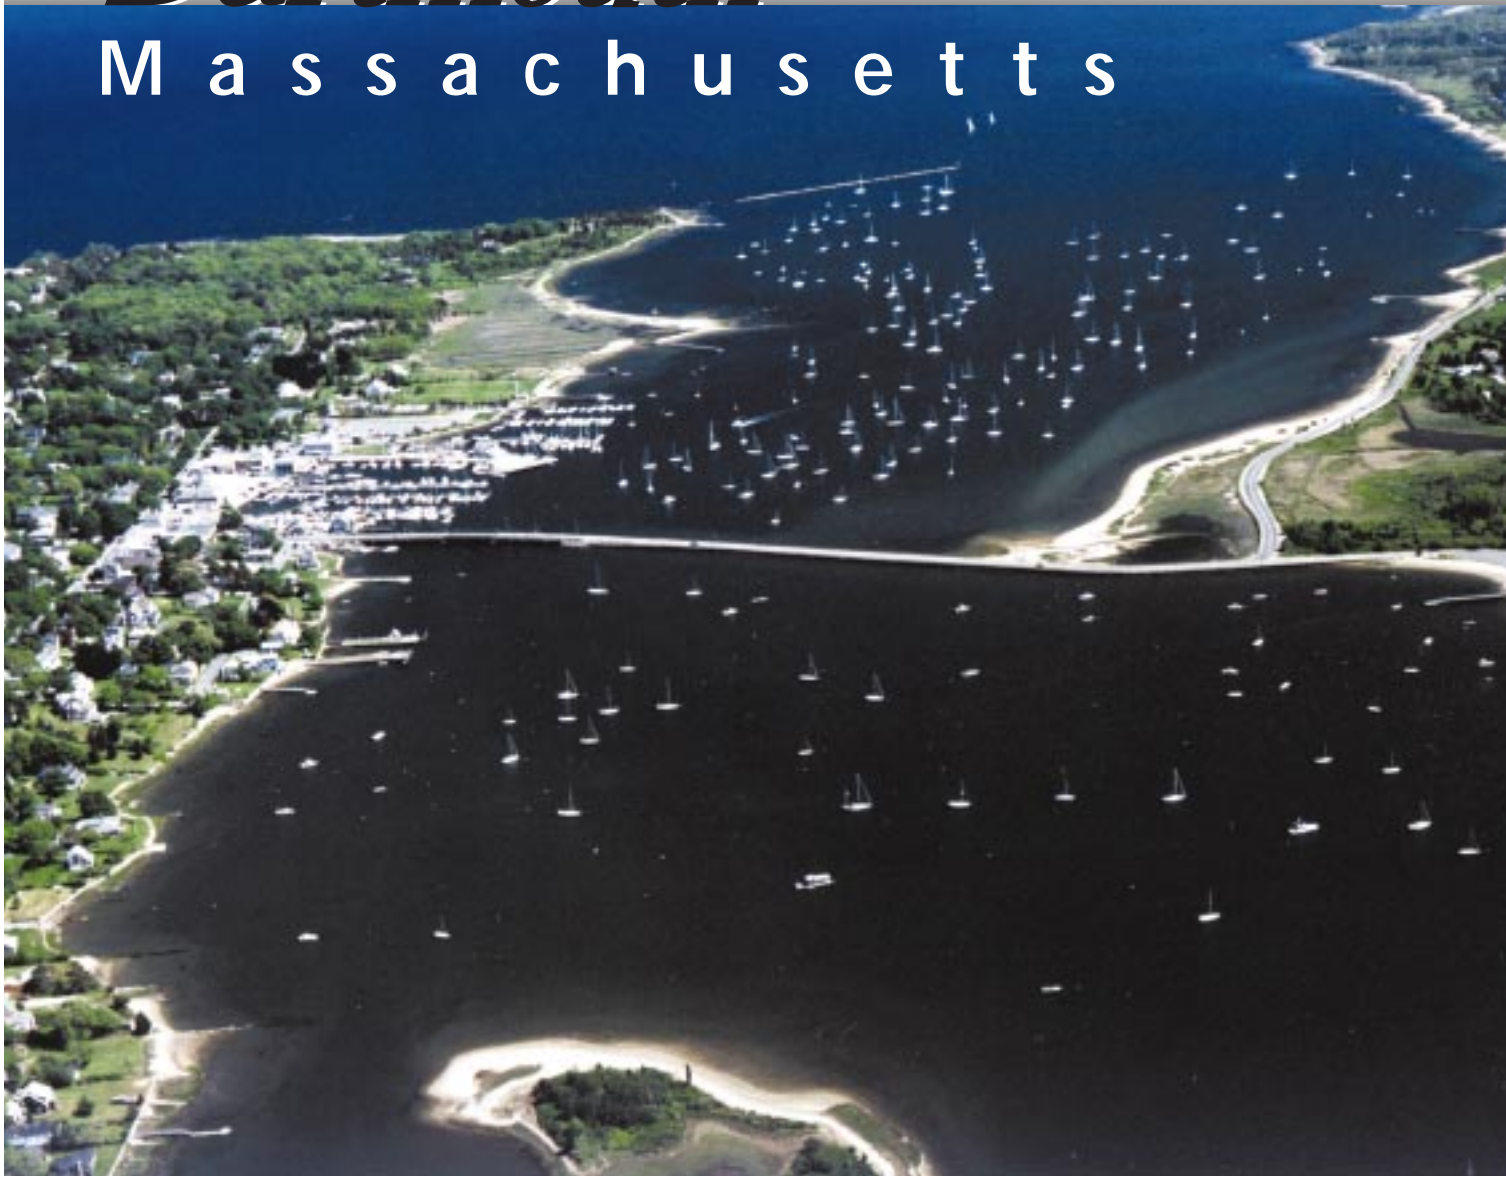

Acushnet Company, a subsidiary of Fortune Brands, a Fortune 500 Company, is a proven example of how well government and the private sector work together to develop attractive Tax Increment Financing agreements for Dartmouth businesses. A TIF is a property tax rate at an established level for up to twenty years, negotiated between the Town of Dartmouth and the business. The tax reduction is based on the difference between the new and former property taxes as a result of expansion or investment. Acushnet Company expanded its Ball Plant II facility in Dartmouth to 170,000 square feet after negotiating a comprehensive TIF agreement with the Town.
