**HYDRANT METER RENTAL FORM**

**USE THIS FORM WHEN APPLYING FOR HYDRANT METER RENTAL**

**Applicant Information:**

Name \_\_\_\_\_

Address \_\_\_\_\_

Telephone Number \_\_\_\_\_

Billing Name & Address if Different \_\_\_\_\_

Location of Hydrant to be used \_\_\_\_\_

What will water be used for \_\_\_\_\_

When do you plan on having the meter set/removed \_\_\_\_\_

The purpose of this policy is to clearly define the rules and charges for any Dartmouth resident when renting a hydrant meter.

**POLICY STATEMENT:**

Hydrant meters may be rented on a first come, first served basis from the Water Division. Twenty-Four hours notice shall be required prior to needing the meter set. Meters may not be set to due adverse weather conditions, i.e. freezing temperatures or drought conditions. Hydrant meters shall not be issued for a Seasonal Account or where the use of the fire hydrant meter obtaining water is not temporary in nature (unless approved by the Board of Public Works). The Water Division shall be responsible to install the meter on the fire hydrant and provide any requested standard connection fittings when available. The Water Division shall also be responsible to provide an operating in-line valve at the meter for the Renter to use. The Water Division and NOT the Rental shall operate the main valve on the fire hydrant. It shall be the responsibility of the Renter to protect the meter from damage, loss, and tampering. The Renter shall be responsible to provide all hoses and fittings needed for utilizing the water supply. The Renter shall be responsible for notifying the Police and or Fire District when Public Safety is affected. The Renter will also be liable for all water which passes through the meter, whether it is used or wasted. The schedule of fees is as follows:

Use of Hydrant Meters 5/8" to 3"	\$ 10.00 Each Day
Service Call to set-up and remove the meter	\$ 30.00 Each Day
Water Consumption Charge	\$ .06269 Per Cubic Foot
