Recommended for listing in the National Register of Historic Places.
If checked, you must attach a completed National Register Criteria Statement form.

ARCHITECTURAL DESCRIPTION:

This structure is one of Dartmouth's best examples of the Greek Revival style. It is a large building, 2 stories in height. Paneled pilasters are located at house corners. Pediment gables are at ends of structure. Within pediment is elliptical fanlight. At first story level, windows are capped by splayed lintels. At second story, windows have caps. A prominent cornice and frieze is beneath the roof line. A one story ell is attached at south end with a hip roofed projecting wall dormer. Doorway is framed by pilasters, entablature, and sidelights. Foundation is granite. [Note: Preceding description transcribed from 1983 survey form]
