I have read Section 16, the Site Plan Review Regulations of the Dartmouth Zoning bylaws, and I am submitting this application with accompanying plans as required. Except for the attached list of variances (if any), it is my belief that the plans comply with Section 16. I have notified tenants and parties (if any) who have an interest in or are affected by the proposed plan.

I have also diligently researched the property, including walking the property, to determine whether any burial grounds or human skeletal remains are located on or near the proposed lot. To the best of my knowledge and belief, no burial grounds or human remains, except those shown on the plan, lie on the proposed lot or would be affected by the proposed plan. The Town will rely upon this statement in determining whether to issue permits. A false or mistaken statement will be grounds for denying permits and, if issued, for revoking it.
